

Acquiring a Prosperity Consciousness

The one thing all wealthy people have that the less unfortunate do not have is a **Prosperity Consciousness**.

Once you have a **Prosperity Consciousness**, you'll be attracting money like a magnet. So, the obvious first step in changing your relationship to money would be for you to acquire a prosperity consciousness. **So, ho how do you do that?**

What's a Prosperity Consciousness?

A prosperity consciousness is nothing more complicated than the good feeling you'd have about yourself if your income far exceeded your expenses.

If your cash flow is almost always positive, you can assume that you already have a prosperity consciousness.

Congratulations! You're on your way toward becoming wealthy.

Prosperity begins with a positive cash flow

It is next to impossible to maintain a prosperity consciousness when your cash flow is negative. So, to prime the pump on your own prosperity consciousness you must:

1. Cut your expenses
2. Increase your income
3. Or do both

But not without a BEING shift

Remember, you can't change what you have in your life without a change in who you are being, so take the first step in acquiring a Prosperity Consciousness. Create a vision of what your life would be like if you were already wealthy beyond your wildest dreams. When you've created that picture, chose to BE wealthy.

Once you've made "BE WEALTHY" BEING choice, you'll be able to DO whatever it takes to create a positive cash flow. You'll be creating a budget and you'll live by that budget, empowered by the vision of taking ocean cruises and coming back with more money in the bank than when you left.

Once you have the cash flow moving in the right direction, once your income exceeds your spending, you'll have that inner sense of well being—the beginnings of a prosperity consciousness. The greater your cash flow, the richer you'll feel, and the richer you feel, the larger the flow will become. Maybe that bible passage could be interpreted to read:

***For whomsoever hath a prosperity consciousness,
to him or her shall be given more and more abundance.***

--Darel Rutherford
